ICIC 2020 Bedjo Santoso ,Henny Pratiwi Adi ,Heru Sulistyoyo,Dyana Wijayan,Choiril Anwar,Ahamad Faosiy Ogunbado, 2020-12-14 We are delighted to introduce the proceedings of the 1st INTERNATIONAL CONFERENCE ON ISLAMIC CIVILIZATION (ICIC) 2020 bringing together researchers, academics, experts and professionals in examining selected theme on Islamic Perspective of Sustainable Development and The Role of Islamic Economics In Today's Global Finance. This event was held on 27 August 2020 virtually by Universitas Islam Sultan Agung in collaboration along with some Islamic universities in Indonesia and overseas. The papers published in this proceeding are from multidisciplinary researches related to economy, education, humanities, Islamic studies, laws, social sciences and health. Each contributed paper was refereed before being accepted for publication. The single-blind peer reviewed was used in the paper selection.

Global Crisis, Local Voices Gabriele Piazza, Megan Jessie Asplin ,Kajsa Hallberg, 2019-04-01 In an interconnected and globalized world, the voices of the local communities struggle to make themselves heard on the international stage. But many issues that arise within international relations have consequences for ordinary lives and are therefore closely connected. Climate change, warfare and migration are all examples of this. They are often discussed in abstract terms with relation to international diplomacy, but threaten the actual livelihoods of small communities and ordinary people. This was the setting of the conference 'Global Crisis, Local Voices', held in May 2018. This journal is a compilation of the papers presented at that conference, which was the second 'DEN International Student Conference'. The conference and this publication is one of the many projects that the Democratic Education Network (DEN) is responsible for since its launch in 2016. This book is a collection of diverse works, all written by student authors from a range of different universities. From Democracy and Ideology, to Climate Change and China, it covers numerous concepts, ideas and geographical regions, that are often found in the studies of Politics and International Relations. This book is the result of passion and hard work from all students involved in its production and it is a project that we in DEN are incredibly proud of and hope to continue in the future. "I encourage you to read these publications to catalyse views in you that stimulate great debate that helps you become part of the compassionate, progressive and responsible movement of young people that will help overcome injustices in the world and

make the world a better place.” Dr Peter Bonfield OBE FREng Vice-Chancellor and President University of Westminster

Terrorist Rehabilitation: A New Frontier In Counter-terrorism Rohan Gunaratna, Mohamed Bin Ali, 2015-04-14 With the rise of religiously motivated violence and terrorism, governments around the world need to develop their religious and ideological capabilities in parallel with strengthening their law enforcement, military and intelligence capabilities. **Terrorist Rehabilitation: A New Frontier in Counter-terrorism** aims to provide an understanding of the importance of the approach and strategy of terrorist rehabilitation in countering this threat. Comprising of nine chapters, this book provides case study assessments of terrorist rehabilitation practices set against the backdrop of their unique operational and geopolitical milieu in countries such as Saudi Arabia, Singapore, Indonesia and Sri Lanka. This will help the reader to form a foundational understanding of the concept of terrorist rehabilitation by combining the insights, successes and experience of senior government officials and counter-terrorism experts. In addition, the contributors provide discussions on religious concepts that have been manipulated by violent Islamists as a background to understanding religiously or ideologically motivated terrorism and the avenues open for countering it.

The Unfinished War in Afghanistan Vishal Chandra, 2014 This book makes a modest attempt to contribute to the ongoing debate on future challenges for Afghanistan as the largest ever coalition of Western forces prepares to withdraw. It seeks to examine key political developments within Afghanistan over the last one decade in response to the US-led Western military and political intervention. Perhaps, much more is still to come in a war that could aptly be termed as the last big war of the twentieth and first long war of the twenty-first century. The emerging social and political narratives are unmistakably old and echo the sentiments of the past. Though a 'New Afghanistan' has emerged in the meanwhile, it remains fundamentally an urban phenomenon. The diversity of narratives and perceptions, and failure of past political transitions to build a sustainable internal balance of power, based on changed social and political realities, have turned Afghanistan into a complex entity that defies established theoretical formulations and explanations. The evolving security and political scenario suggests that elections alone may not help bring stability and order to Afghanistan. The next dispensation in Kabul, irrespective of its composition, is most likely to be confronted with a host of old and familiar challenges to its legitimacy and survival.

Reimagining Child Soldiers in International Law and Policy Mark A. Drumbl, 2012-01-26 Child soldiers are generally perceived as faultless, passive victims. This ignores that the roles of child soldiers vary, from innocent abductee to wilful perpetrator. This book argues that child soldiers should be judged on their actions and that treating them like a homogenous group prevents them from taking responsibility for their acts.

EASO Country of Origin Information Report European Asylum Support Office, 2015 This report is the third COI

report on Afghanistan published by EASO. In 2012, EASO published 'COI report Afghanistan, Taliban strategies: recruitment' and 'COI report Afghanistan, insurgent strategies: intimidation and targeted violence against Afghans'. This report was drafted by country of origin information (COI) specialists from the COI units and asylum offices listed as co-authors under the Acknowledgements section, together with the European Asylum Support Office (EASO), according to its mandate. The report aims to provide information on the security situation in Afghanistan, which is relevant for international protection status determination (PSD, refugee status and subsidiary protection).

Qatar Kenneth Katzman,2017-06-16 The state of Qatar, a member of the Gulf Cooperation Council (GCC: Saudi Arabia, Kuwait, Qatar, United Arab Emirates, Bahrain, and Oman), has employed its ample financial resources to try to punch above its weight on regional and international affairs. Qatar has intervened, directly and indirectly, in several regional conflicts, including in Syria and Libya. Qatar also has sought to establish itself as an indispensable interlocutor on some issues, such as those involving the Palestinian Islamist organization Hamas, the Taliban insurgent group in Afghanistan, some Al Qaeda-linked Syrian rebel groups, Lebanon, and Sudan. On Iran, Qatar has generally supported efforts to limit Iran's regional influence while maintaining dialogue with Iran's senior officials. However, Qatar's policies - particularly its support for regional Muslim Brotherhood organizations as a positive example of political Islam - continue to plague relations between Qatar and some other GCC members. Saudi Arabia and the UAE assert that the Brotherhood is a threat to regional and domestic security and have taken generally opposed engaging Iran diplomatically. The differences erupted into a crisis on June 5, 2017 when Saudi Arabia, the UAE, and Bahrain, joined by Egypt and a few other governments, severed relations with Qatar and imposed limits on the entry and transit of Qatari nationals and vessels in their territories, waters, and airspace. The United States and several regional governments called for dialogue to resolve the rift and the United States is seeking to mediate the dispute, which threatens to fracture U.S. efforts to mobilize a regional coalition against Iran and against terrorist groups. The United States and Qatar have had a formal Defense Cooperation Agreement (DCA) since 1992, which addresses a U.S. troop presence in Qatar, consideration of U.S. arms sales to Qatar, U.S. training, and other defense cooperation. Under the DCA, Qatar hosts nearly 10,000 U.S. forces at its military facilities, including at Al Udeid Air Base, and Qatar also hosts the regional headquarters for U.S. Central Command (CENTCOM). U.S. forces in Qatar participate in operations all over the region, including Operation Inherent Resolve (OIR) against the Islamic State organization in Iraq and Syria, and in Afghanistan. The Qatari government is helping the United States combat regional Islamist terrorist organizations. However, radical Islamist organizations profess ideologies that are attractive to some Qatari citizens, and there have been repeated

accusations by international observers that wealthy Qataris have contributed funds and services to these groups. The voluntary relinquishing of power in 2013 by Qatar's former Amir (ruler), Shaykh Hamad bin Khalifa Al Thani, departed sharply from GCC patterns of governance in which leaders generally remain in power for life. Even though Qatar's former Amir stepped down voluntarily, U.S. and international reports criticize Qatar for numerous human rights problems. Most of them, such as suppression of critics using social media and deprivation of labor rights, are common to the other GCC states. A recent Gulf-wide trend also apparent in Qatar has been a crackdown on dissent against the ruling establishment on social media networks. Qatar is also the only one of the smaller GCC states that has not yet formed a legislative body that is at least partly elected, even though such elections have long been promised. Qatar is wrestling with the downturn in global hydrocarbons prices since 2014, as are the other GCC states. Qatar is positioned to weather the downturn because of its small population and substantial financial reserves. Qatar shares with virtually all the other GCC states a lack of economic diversification and reliance on revenues from sales of hydrocarbon products.

Traditions of Liberalism Knud Haakonssen, 1988 The papers in this volume were presented at a conference on 'The Liberal Tradition' in Sydney in August 1987--P. x. Includes bibliographies and index.

Meccan Trade and the Rise of Islam Patricia Crone, 2020-03-03 Patricia Crone reassesses one of the most widely accepted dogmas in contemporary accounts of the beginnings of Islam: the supposition that Mecca was a trading center. In addition, she seeks to elucidate sources on which we should reconstruct our picture of the birth of the new religion in Arabia.

Women and the War on Boko Haram Hilary Matfess, 2017-11-15 For over a decade, Boko Haram has waged a campaign of terror across northeastern Nigeria. In 2014, the kidnapping of 276 girls in Chibok shocked the world, giving rise to the #BringBackOurGirls movement. Yet Boko Haram's campaign of violence against women and girls goes far beyond the Chibok abductions. From its inception, the group has systematically exploited women to advance its aims. Perhaps more disturbing still, some Nigerian women have chosen to become active supporters of the group, even sacrificing their lives as suicide bombers. These events cannot be understood without first acknowledging the long-running marginalisation of women in Nigerian society. Having conducted extensive fieldwork throughout the region, Hilary Matfess provides a vivid and thought-provoking account of Boko Haram's impact on the lives of Nigerian women, as well as the wider social and political context that fuels the group's violence.

Youth in Revolt Henry A. Giroux, 2015-11-17 Recently, American youth have demonstrated en masse about a variety of issues ranging from economic injustice and massive inequality to drastic cuts in education and public services. Youth in Revolt chronicles the escalating backlash against dissent and peaceful protest while exposing a lack of governmental concern for society's most vulnerable populations. Henry Giroux carefully documents a wide range of phenomena, from pervasive violent imagery in our popular culture to educational racism, censorship, and the growing economic inequality we face. He

challenges the reader to consider the hope for democratic renewal embodied by Occupy Wall Street and other emerging movements. Encouraging a capacity for critical thought, compassion, and informed judgment, Giroux's analysis allows us to rethink the very nature of what democracy means and what it might look like in the United States and beyond.

The Spectre of Afghanistan Amin Saikal,Kirill Nourzhanov,2021-01-28 Aiming to connect a number of divergent perspectives on the current state of Afghanistan, this book outlines the country's past and present instability and how this impacts and is conceptualised by its neighbours as well as by international heavyweights such as Russia, China and the United States. Given Afghanistan's extensive cross-border ethnic, linguistic, sectarian and cultural ties with its neighbours - whatever transpires in the war-torn country is bound to have regional and global security implications. This study focuses on the current formal and informal defensive policies the states of Central Asia may or may not have in place in the event of the Afghan situation deteriorating further or the Taliban-led insurgency substantially widening their influence. The book also considers the positions and policy responses of three influential actors in the region: Russia, China and the United States. It assesses the convergence of interests between these great powers in stabilising Afghanistan, and their divergence of geopolitical objectives in the region. With President Donald Trump unpredictably upheaving American policy in Afghanistan, an assertive Russia continuing to expand its influence across Central Asia and China seeking to have a wider economic and security role in the region, this book offers a timely assessment of an internationally-important topic.
